

A. H. Belo Savings Plan

A. H. BELO CORPORATION

Invest in your retirement—and yourself—today, with help from the A. H. Belo Savings Plan and Fidelity.

YOUR GUIDE TO GETTING STARTED

## Invest some of what you earn today for what you plan to accomplish tomorrow.

Dear A. H. Belo employee:

### **Benefit from:**

**Matching contributions.** Your company helps your contributions grow through an employer match—it's like getting "free" money. That's why it makes good financial sense to take advantage of this great benefit today! **Please note that employer contributions are subject to your plan provisions.**

**Convenience.** Your contributions are automatically deducted regularly from your paycheck.

**Tax savings now.** Your pretax contributions are deducted from your pay before income taxes are taken out. This means that you can actually lower the amount of current income taxes you pay each period. It could mean more money in your take-home pay versus saving money in a taxable account.

**Tax-deferred savings opportunities.** You pay no taxes on any earnings until you withdraw them from your account, enabling you to keep more of your money working for you now.

**Portability.** You can roll over eligible savings from a previous employer into this Plan. You can also take your plan vested account balance with you if you leave the company.

**Investment options.** You have the flexibility to select from investment options that range from more conservative to more aggressive, making it easy for you to develop a well-diversified investment portfolio.

**Catch-up contributions.** If you make the maximum contribution to your plan account, and you are 50 years of age or older during the calendar year, you can make an additional "catch-up" contribution of \$6,000 in 2016.

To learn more about what your plan offers, see "Frequently asked questions about your plan" later in this guide.

Sincerely,

A. H. Belo Benefits Team

Participate in your plan and invest in yourself today.

# Frequently asked questions about your plan.

Here are answers to questions you may have about the key features, benefits, and rules of your plan.

## **When can I enroll in the plan?**

There is no waiting period. You can enroll in the Plan at any time, and payroll deductions will begin as soon as administratively possible. However, if you do not enroll in the plan within 60 days from your date of hire, you will be automatically enrolled for 401(k) payroll deductions at a rate of 3% of your pretax pay. If you are automatically enrolled, your payroll deductions will begin shortly after 60 days of employment.

Your contributions will be invested in the Plan's default investment fund, the Fidelity Freedom K<sup>®</sup> Fund that most closely matches your expected retirement date based on your current age and assuming a retirement age of 65, as determined by A. H. Belo Corporation. Please refer to the chart in the Investment Options section for more detail. The default fund will apply only if you don't elect different investment options. You may change your investment selection from the default fund at any time without financial penalty.

If you do not wish to contribute to the Plan, you must change your contribution rate to 0% within the first 60 days from your date of hire. You may change your contribution rate at any time by logging on to NetBenefits<sup>®</sup> at [www.401k.com](http://www.401k.com) or by calling a Fidelity Retirement Representative at 800-835-5098 (800-587-5282 for Spanish).

## **How do I enroll in the Plan?**

Log on to Fidelity NetBenefits<sup>®</sup> at [www.401k.com](http://www.401k.com) or call the Fidelity Retirement Benefits Line at 800-835-5098 (800-587-5282 for Spanish) to enroll in the Plan.

## **When is my enrollment effective?**

If you enroll in the Plan on your own, your enrollment becomes effective once you elect a deferral percentage, which initiates deduction of your contributions from your pay. These payroll deductions will generally begin with your next pay period after we receive your enrollment information, or as soon as administratively possible.

## **How much can I contribute?**

Through automatic payroll deduction, you may contribute up to 100% of your eligible pay on a pretax basis, up to the annual IRS dollar limit (\$18,000 in 2016, \$24,000 if you are age 50 or older). Annual additions to the plan (your contributions and company contributions combined) cannot exceed 100% of your pay, or \$53,000 (whichever is less). Eligible compensation is limited to \$265,000 in 2016. You can request to change your contribution amount virtually any time by logging on to Fidelity NetBenefits<sup>®</sup> at [www.401k.com](http://www.401k.com) or by calling the Fidelity Retirement Benefits Line at 800-835-5098 (800-587-5282 for Spanish).

## **Does the Company contribute to my account?**

The Plan helps your retirement savings grow by matching your contributions.

For eligible participants, the company will match 100% of each pretax dollar you contribute on the first 1.5% of eligible pay, per paycheck, that you defer to your Plan.

## **How do I designate my beneficiary?**

If you have not already selected your beneficiaries, or if you have experienced a life-changing event such as a marriage, divorce,

birth of a child, or a death in the family, it's time to consider your beneficiary designations. Fidelity's Online Beneficiaries Service, available through Fidelity NetBenefits®, offers a straightforward, convenient process that takes just minutes. Simply log on to NetBenefits® at [www.401k.com](http://www.401k.com) and click on "Beneficiaries" in the About You section of Your Profile. If you do not have access to the Internet or prefer to complete your beneficiary information by paper form, please contact 800-835-5098 (800-587-5282 for Spanish).

### **What are my investment options?**

To help you meet your investment goals, the Plan offers you a range of options. You can select a mix of investment options that best suits your goals, time horizon, and risk tolerance. The many investment options available through the Plan include conservative, moderately conservative, and aggressive funds. A complete description of the Plan's investment options and their performance, as well as planning tools to help you choose an appropriate mix, are available online at Fidelity NetBenefits.®

**Fidelity Freedom K® Funds.** The Plan also offers the Fidelity Freedom K® Funds that offer a blend of stocks, bonds and short-term investments within a single fund. Each Freedom K® Fund's asset allocation is based on the number of years until the fund's target retirement date. The Freedom K® Funds are designed for investors who want a simple approach to investing for retirement. Lifecycle funds are designed for investors expecting to retire around the year indicated in each fund's name. The investment risk of each lifecycle fund changes over time as each fund's asset allocation changes. The funds are subject to the volatility of the financial markets, including equity and fixed income investments in the U.S. and abroad and may be subject to risks associated with investing in high yield, small cap, commodity-linked and foreign securities. Principal invested is not guaranteed at any time, including at or after the fund's target date.

### **Fidelity® Portfolio Advisory Service at Work.**

The Plan also offers Fidelity® Portfolio Advisory Service at Work, a managed account service that lets you delegate the day-to-day management of your workplace savings plan account to professional investment managers. Fidelity's experienced professionals evaluate the investment options available in your plan and identify a model portfolio of investments appropriate for an investor like you. The service then invests your account to align with this model portfolio and provides ongoing management of your account to address changes in the markets, your plan's investment lineup, and changes in your personal or financial situation.

With a managed account, you can take advantage of Fidelity's resources and experience to help ensure that:

- Your investments are managed through the ups and downs of the market.
- You're keeping your accounts aligned with your goals through annual reviews and check-ins.
- Your account is actively managed to create an opportunity for long-term gains while managing the risk associated with investing.

To see if Fidelity® Portfolio Advisory Service at Work is right for you, log onto NetBenefits® at [netbenefits.fidelity.com/pas](http://netbenefits.fidelity.com/pas) where you can easily enroll in the Service and learn more. Fidelity Portfolio Advisory Service at Work is a service of Strategic Advisers, Inc., a registered investment adviser and a Fidelity Investments company. **This service provides discretionary money management for a fee.**

Please note that performance of the model portfolios depends on the performance of the underlying investment options. These investments are subject to the volatility of the financial markets in the U.S. and abroad and may be subject to additional risks with investing in high yield, small-cap, and foreign securities.

**When am I vested?**

Vesting is a term used to describe the portion of your account balance that you are entitled to under the Plan's rules. You are always 100% vested in your contributions and any rollover contributions, as well as any earnings on them. Company matching contributions are vested after two years of service.

**Can I take a loan from my account?**

Although your plan account is intended for the future, you may borrow from your account for any reason. Generally, the A. H. Belo Savings Plan allows you to borrow up to 50% of your vested pretax account balance excluding Company match or profit sharing contributions. The minimum loan amount is \$1,000, and a loan must not exceed \$50,000. You then pay the money back into your account, plus interest, through after-tax payroll deductions. Any outstanding loan balances over the previous 12 months may reduce the amount you have available to borrow. You may have two loans outstanding at a time. The cost to initiate a loan is \$35, and there is a quarterly maintenance fee of \$3.75. The initiation and maintenance fees will be deducted directly from your individual plan account. If you fail to repay your loan (based on the original terms of the loan), it will be considered in "default" and treated as a distribution, making it subject to income tax and possibly to a 10% early withdrawal penalty. Defaulted loans may also impact your eligibility to request additional loans. Be sure you understand the Plan guidelines before you initiate a loan from your plan account.

To learn more about or request a loan, log on to [www.401k.com](http://www.401k.com) or call the Fidelity Retirement Benefits Line at 800-835-5098 (800-587-5282 for Spanish).

**Can I make withdrawals from my account?**

Withdrawals from the Plan are generally permitted when you terminate your employment, retire, reach age 59½, become

permanently disabled, or have severe financial hardship as defined by your Plan.

When you leave the Company, you can withdraw contributions and any associated earnings or, if your vested account balance is greater than \$1,000, you can leave contributions and any associated earnings in the Plan. After you leave the Company, if your vested account balance is equal to or less than \$1,000, it will automatically be distributed to you.

**Can I move money from another retirement plan into my account in the A. H. Belo Savings Plan?**

You are permitted to roll over eligible pretax and after-tax contributions from another 401(k) or 403(a) plan account or eligible pretax contributions from a 403(b) or a governmental 457(b) retirement plan account, or conduit individual retirement accounts (IRAs). A conduit IRA is one that contains only money rolled over from an employer-sponsored retirement plan that has not been mixed with regular IRA contributions.

Call the Fidelity Retirement Benefits Line at 800-835-5098 (800-587-5282 for Spanish) or log on to Fidelity NetBenefits® at [www.401k.com](http://www.401k.com) for details.

**How do I access my account?**

You can access your account online through Fidelity NetBenefits® at [www.401k.com](http://www.401k.com) or call the Fidelity Retirement Benefits Line at 800-835-5098 (800-587-5282 for Spanish) to speak with a representative or use the automated voice response system, virtually 24 hours, 7 days a week.

**Where can I find information about exchanges and other plan features?**

You can find information about managing your account and learn about loans, exchanges, and more online through Fidelity NetBenefits® at [www.401k.com](http://www.401k.com). In particular, you can access loan modeling tools that illustrate the potential impact of a loan on

the long-term growth of your account. You will also find a withdrawal modeling tool, which shows the amount of federal income taxes and early withdrawal penalties you might pay, along with the amount of earnings you could potentially lose by taking a withdrawal. You can also obtain more information about loans, withdrawals, and other plan features, by calling the Fidelity Retirement Benefits Line at 800-835-5098 (800-587-5282 for Spanish) to speak with a representative or use the automated voice response system, virtually 24 hours, 7 days a week.

This spectrum, with the exception of the Domestic Equity category, is based on Fidelity's analysis of the characteristics of the general investment categories of the investment options and not on the actual security holdings, which can change frequently. Investment options in the Domestic Equity category are based on the options' Morningstar categories as of 03/31/2016. Morningstar categories are based on a fund's style as measured by its underlying portfolio holdings over the past three years and may change at any time. These style calculations do not represent the investment options' objectives and do not predict the investment options' future styles. Investment options are listed in alphabetical order within each investment category. Risk associated with the investment options can vary significantly within each particular investment category, and the relative risk of categories may change under certain economic conditions. # ▶ Fidelity BrokerageLink®

**Fidelity BrokerageLink®** combines the convenience of your workplace retirement plan with the additional flexibility of a brokerage account. It gives you expanded investment choices and the opportunity to more actively manage your retirement contributions. A self-directed brokerage account is not for everyone. If you are an investor who is willing to take on the potential for more risk and you are prepared to assume the responsibility of more closely monitoring this portion of your portfolio, it could be appropriate for you. However, if you do not feel comfortable actively managing a portfolio of options beyond those offered through your plan's standard investment options, then a self-directed brokerage account may not be appropriate for you. Additional fees apply to a brokerage account; please refer to the fact sheet and commission schedule for a complete listing of brokerage fees. Remember, it is always your responsibility to ensure that the options you select are consistent with your particular situation, including your goals, time horizon, and risk tolerance.

# Investment Options

*Before investing in any investment option, consider the investment objectives, risks, charges, and expenses. Contact Fidelity for a mutual fund prospectus or, if available, a summary prospectus containing this information. Read it carefully.*

## Dodge & Cox International Stock Fund

**VRS Code:** 46960

**Fund Objective:** The investment seeks long-term growth of principal and income.

**Fund Strategy:** The fund invests primarily in a diversified portfolio of equity securities issued by non-U.S. companies from at least three different countries, including emerging market countries. It will invest at least 80% of its total assets in equity securities of non-U.S. companies. The fund typically invests in medium-to-large well established companies based on standards of the applicable market. It may enter into forward currency contracts or currency futures contracts to hedge foreign currency exposure.

**Fund Risk:** Foreign securities are subject to interest-rate, currency-exchange-rate, economic, and political risks, all of which may be magnified in emerging markets. Value and growth stocks can perform differently from other types of stocks. Growth stocks can be more volatile. Value stocks can continue to be undervalued by the market for long periods of time. Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. Additional risk information for this product may be found in the prospectus or other product materials, if available.

**Fund short term trading fees:** None

**Who may want to invest:**

- Someone who is seeking to complement a portfolio of domestic investments with international investments, which can behave differently.
- Someone who is willing to accept the higher degree of risk associated with investing overseas.

**Footnotes:**

- This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.

## Fidelity Freedom K® 2005 Fund

**VRS Code:** 02173

**Fund Objective:** Seeks high total return until its target retirement date. Thereafter the fund's objective will be to seek high current income and, as a secondary objective, capital appreciation.

**Fund Strategy:** Designed for investors who anticipate retiring in or within a few years of the fund's target retirement year at or around age 65 and plan to gradually withdraw the value of their account in the fund over time. Investing in a combination of Fidelity domestic equity funds, international equity funds (developed and emerging markets), bond funds, and short-term funds (underlying Fidelity funds). Allocating assets among underlying Fidelity funds according to a "neutral" asset allocation strategy that becomes increasingly conservative until it reaches an allocation similar to that of the Freedom K Income Fund - approximately 17% in domestic equity funds, 7% in international equity funds, 46% in bond funds, and 30% in short-term funds (approximately 10 to 19 years after the target year). Ultimately, the fund will merge with the Freedom K Income Fund. Through an active asset allocation strategy, the Adviser may increase or decrease neutral asset class exposures by up to 10 percentage points for equity (includes domestic and international equity funds), bond and short-term funds to reflect the Adviser's market outlook, which is primarily focused on the intermediate term. The Adviser may also make active asset allocations within other asset classes (including commodities, high yield debt, floating rate debt, real estate debt, inflation-protected debt, and emerging markets debt) from 0% to 10% individually but no more than 25% in aggregate within those other asset classes. The Adviser may continue to seek high total return for several years beyond the fund's target retirement date in an effort to achieve the fund's overall investment objective.

**Fund Risk:** The investment risk of each Fidelity Freedom K Fund changes over time as its asset allocation changes. These risks are subject to the asset allocation decisions of the Investment Adviser. Pursuant to the Adviser's ability to use an active asset allocation strategy, investors may be subject to a different risk profile compared to the fund's neutral asset allocation strategy shown in its glide path. The funds are subject to the volatility of the financial markets, including that of equity and fixed income investments in the U.S. and abroad, and may be subject to risks associated with investing in high-yield, small-cap, commodity-linked, and foreign securities. No target date fund is considered a complete retirement program and there is no guarantee any single fund will provide sufficient retirement income at or through retirement. Principal invested is not guaranteed at any time, including at or after the funds' target dates.

**Fund short term trading fees:** None

**Who may want to invest:**

- Someone who is seeking an investment option intended for people in or very near retirement and who is willing to accept the volatility of diversified investments in the market.
- Someone who is seeking a diversified mix of stocks, bonds, and short-term investments in one investment option or who does not feel comfortable making asset allocation choices over time.

Pursuant to the Adviser's ability to use an active asset allocation strategy, investors may be subject to a different risk profile compared to the fund's neutral asset allocation strategy shown in its glide path. The funds are subject to the volatility of the financial markets, including that of equity and fixed income investments in the U.S. and abroad, and may be subject to risks associated with investing in high-yield, small-cap, commodity-linked, and foreign securities. No target date fund is considered a complete retirement program and there is no guarantee any single fund will provide sufficient retirement income at or through retirement. Principal invested is not guaranteed at any time, including at or after the funds' target dates.

**Fund short term trading fees:** None

**Who may want to invest:**

- Someone who is seeking an investment option that gradually becomes more conservative over time and who is willing to accept the volatility of the markets.
- Someone who is seeking a diversified mix of stocks, bonds, and short-term investments in one investment option or who does not feel comfortable making asset allocation choices over time.

## Fidelity Freedom K® 2025 Fund

**VRS Code:** 02177

**Fund Objective:** Seeks high total return until its target retirement date. Thereafter the fund's objective will be to seek high current income and, as a secondary objective, capital appreciation.

**Fund Strategy:** Designed for investors who anticipate retiring in or within a few years of the fund's target retirement year at or around age 65 and plan to gradually withdraw the value of their account in the fund over time. Investing in a combination of Fidelity domestic equity funds, international equity funds (developed and emerging markets), bond funds, and short-term funds (underlying Fidelity funds). Allocating assets among underlying Fidelity funds according to a "neutral" asset allocation strategy that becomes increasingly conservative until it reaches an allocation similar to that of the Freedom K Income Fund - approximately 17% in domestic equity funds, 7% in international equity funds, 46% in bond funds, and 30% in short-term funds (approximately 10 to 19 years after the target year). Ultimately, the fund will merge with the Freedom K Income Fund. Through an active asset allocation strategy, the Adviser may increase or decrease neutral asset class exposures by up to 10 percentage points for equity (includes domestic and international equity funds), bond and short-term funds to reflect the Adviser's market outlook, which is primarily focused on the intermediate term. The Adviser may also make active asset allocations within other asset classes (including commodities, high yield debt, floating rate debt, real estate debt, inflation-protected debt, and emerging markets debt) from 0% to 10% individually but no more than 25% in aggregate within those other asset classes. The Adviser may continue to seek high total return for several years beyond the fund's target retirement date in an effort to achieve the fund's overall investment objective.

**Fund Risk:** The investment risk of each Fidelity Freedom K Fund changes over time as its asset allocation changes. These risks are subject to the asset allocation decisions of the Investment Adviser. Pursuant to the Adviser's ability to use an active asset allocation strategy, investors may be subject to a different risk profile compared to the fund's neutral asset allocation strategy shown in its glide path. ## Fidelity Freedom K® Income Fund

**VRS Code:** 02171

**Fund Objective:** Seeks high current income and, as a secondary objective, capital appreciation.

**Fund Strategy:** Investing in a combination of Fidelity domestic equity funds, international equity funds (developed and emerging markets), bond funds, and short-term funds (underlying Fidelity funds). Allocating assets among underlying Fidelity funds according to a stable "neutral" asset allocation strategy of approximately 17% in domestic equity funds, 7% in international equity funds, 46% in bond funds, and 30% in short-term funds. Through an active asset allocation strategy, the Adviser may increase or decrease neutral asset class exposures by up to 10 percentage points for equity (includes domestic and international equity funds), bond and short-term funds to reflect the Adviser's market outlook, which is primarily focused on the intermediate term. The Adviser may also make active asset allocations within other asset classes (including commodities, high yield debt, floating rate debt, real estate debt, inflation-protected debt, and emerging markets debt) from 0% to 10% individually but no more than 25% in aggregate within those other asset classes.

**Fund Risk:** The fund is subject to risks resulting from the asset allocation decisions of the Investment Adviser. Pursuant to the Adviser's ability to use an active asset allocation strategy, investors may be subject to a different risk profile compared to the fund's neutral asset allocation strategy shown in its glide path. The fund is subject to the volatility of the financial markets, including that of equity and fixed income investments. Fixed income investments entail issuer default and credit risk, inflation risk, and interest rate risk (as interest rates rise, bond prices usually fall and vice versa). This effect is usually more pronounced for longer-term securities. No target date fund is considered a complete retirement program and there is no guarantee any single fund will provide sufficient retirement income at or through retirement. Principal invested is not guaranteed at any time, including at or after the funds' target dates.

**Fund short term trading fees:** None

**Who may want to invest:**

- Someone who is seeking an investment option intended for people in retirement and who is willing to accept the volatility of diversified investments in the market.
- Someone who is seeking a diversified mix of stocks, bonds, and short-term investments in one investment option and looking primarily for the potential for income and, secondarily, for share-price appreciation.

## Fidelity® Intermediate Bond Fund

**VRS Code:** 00032

**Fund Objective:** Seeks a high level of current income.

**Fund Strategy:** Normally investing at least 80% of assets in investment-grade debt securities (those of medium and high quality) of all types and repurchase agreements for those securities. Normally maintaining a dollar-weighted average maturity between three and 10 years. Investing in lower-quality debt securities. Engaging in transactions that have a leveraging effect on the fund.

**Fund Risk:** Fixed income investments entail interest rate risk (as interest rates rise bond prices usually fall), the risk of issuer default, issuer credit risk and inflation risk. Foreign securities are subject to interest rate, currency exchange rate, economic, and political risks. Leverage can increase market exposure and magnify investment risk.

**Fund short term trading fees:** None

**Who may want to invest:**

- Someone who is seeking potential returns primarily in the form of interest dividends rather than through an increase in share price.
- Someone who is seeking to diversify an equity portfolio with a more conservative investment option.

**Footnotes:**

- This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.
- Weighted average maturity (WAM) is the weighted average of all the maturities of the securities held in a fund. WAM for money market funds can be used as a measure of sensitivity to interest rate changes. Generally, the longer the maturity, the greater the sensitivity. WAM for money market funds is based on the dollar-weighted average length of time until principal payments must be paid, taking into account any call options exercised by the issuer and any permissible maturity shortening devices, such as demand features and interest rate resets. For bond funds, WAM can be used as a measure of sensitivity to the markets. Generally, the longer the maturity, the greater the sensitivity. The WAM calculation for bond funds excludes interest rate resets and only takes into account issuer call options if it is probable that the issuer of the instrument will take advantage of such options.

## Fidelity® Money Market Trust Retirement Government Money Market Portfolio

**VRS Code:** 00631

**Fund Objective:** Seeks as high a level of current income as is consistent with the security of principal and liquidity.

**Fund Strategy:** The Adviser normally invests at least 99.5% of the fund's total assets in cash, U.S. Government securities and/or repurchase agreements that are collateralized fully (i.e., collateralized by cash or government securities). Certain issuers of U.S. Government securities are sponsored or chartered by Congress but their securities are neither issued nor guaranteed by the U. S. Treasury. Investing in compliance with industry-standard regulatory requirements for money market funds for the quality, maturity, liquidity and diversification of investments. The Adviser stresses maintaining a stable \$1.00 share price, liquidity, and income. In addition the Adviser normally invests at least 80% of the fund's assets in U.S. Government securities and repurchase agreements for those securities.

**Fund Risk:** Interest rate increases can cause the price of a money market security to decrease. A decline in the credit quality of an issuer or a provider of credit support or a maturity-shortening structure for a security can cause the price of a money market security to decrease. *You could lose money by investing in the fund. Although the fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. An investment in the fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Fidelity Investments and its affiliates, the fund's sponsor, have no legal obligation to provide financial support to the fund, and you should not expect that the sponsor will provide financial support to the fund at any time.* The fund will not impose a fee upon the sale of your shares, nor temporarily suspend your ability to sell shares if the fund's weekly liquid assets fall below 30% of its total assets because of market conditions or other factors.

**Fund short term trading fees:** None

**Who may want to invest:**

- Someone who has a low tolerance for investment risk and who wishes to keep the value of his or her investment relatively stable.
- Someone who is seeking to complement his or her bond and stock fund holdings in order to reach a particular asset allocation.

### Fidelity® Puritan® Fund - Class K

**VRS Code:** 02100

**Fund Objective:** Seeks income and capital growth consistent with reasonable risk.

**Fund Strategy:** Investing approximately 60% of assets in stocks and other equity securities and the remainder in bonds and other debt securities, including lower-quality debt securities, when its outlook is neutral. Investing at least 25% of total assets in fixed-income senior securities (including debt securities and preferred stock). Engaging in transactions that have a leveraging effect on the fund.

**Fund Risk:** Stock markets, especially foreign markets, are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, or economic developments. Fixed income investments entail interest rate risk (as interest rates rise bond prices usually fall), the risk of issuer default, issuer credit risk and inflation risk. Foreign securities are subject to interest rate, currency exchange rate, economic, and political risks. Lower-quality bonds can be more volatile and have greater risk of default than higher-quality bonds. Leverage can increase market exposure and magnify investment risk.

**Fund short term trading fees:** None

**Who may want to invest:**

- Someone who is seeking to invest in a fund that invests in both stocks and bonds.
- Someone who is seeking the potential both for income and for long-term share-price appreciation and who is willing to accept the volatility of the bond and stock markets.

**Footnotes:**

- On May 9, 2008, an initial offering of the retirement (K) class took place. Returns and expenses prior to that date are those of the non-K, non-advisor class. Had K class expenses been reflected in the returns shown, total returns would have been higher.

### Glenmede Small Cap Equity Portfolio Institutional Class

**VRS Code:** 92264

**Fund Objective:** The investment seeks long-term appreciation consistent with reasonable risk to principal.

**Fund Strategy:** The fund normally invests at least 80% of the value of its net assets (including borrowings for investment purposes) in equity securities, such as common stocks and preferred stocks, of U.S. small cap companies that the Advisor believes are undervalued. Small cap companies include companies with market capitalizations, at the time of purchase, that are within the market capitalization range of any stock in the Russell 2000® Index at its last rebalancing.

**Fund Risk:** The securities of smaller, less well-known companies can be more volatile than those of larger companies. Value and growth stocks can perform differently from other types of stocks. Growth stocks can be more volatile. Value stocks can continue to be undervalued by the market for long periods of time. Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. These risks may be magnified in foreign markets. Additional risk information for this product may be found in the prospectus or other product materials, if available.

**Fund short term trading fees:** None

**Who may want to invest:**

- Someone who is seeking the potential for long-term share-price appreciation and, secondarily, dividend income.
- Someone who is seeking both growth- and value-style investments and who is willing to accept the generally greater volatility of investments in smaller companies.

**Footnotes:**

Calculation methodologies utilized by Morningstar may differ from those applied by other entities, including the fund itself.

## Janus Research Fund Class N

**VRS Code:** 26509

**Fund Objective:** The investment seeks long-term growth of capital.

**Fund Strategy:** The fund pursues its investment objective by investing primarily in common stocks selected for their growth potential. It may invest in companies of any size, from larger, well-established companies to smaller, emerging growth companies. The fund may lend portfolio securities on a short-term or long-term basis, in an amount equal to up to one-third of its total assets as determined at the time of the loan origination.

**Fund Risk:** Growth stocks can perform differently from the market as a whole and can be more volatile than other types of stocks. Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. These risks may be magnified in foreign markets. Additional risk information for this product may be found in the prospectus or other product materials, if available.

**Fund short term trading fees:** None

**Who may want to invest:**

- Someone who is seeking the potential for long-term share-price appreciation.
- Someone who is willing to accept the generally greater price volatility associated with growth-oriented stocks.

**Footnotes:**

- This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.
- Except for Life of Fund returns, the analysis on these pages may be based, in part, on adjusted historical returns for periods prior to the class's actual inception of 05/31/2012. Please refer to a fund's prospectus for information regarding fees and expenses. These adjusted historical returns are not actual returns. Calculation methodologies utilized by Morningstar may differ from those applied by other entities, including the fund itself.

---

## Managed Income Portfolio Class 1

**VRS Code:** 00632

**Fund Objective:** The fund seeks to preserve your principal investment while earning a level of interest income that is consistent with principal preservation. The fund seeks to maintain a stable net asset value (NAV) of \$1 per share, but it cannot guarantee that it will be able to do so. The yield of the fund will fluctuate.

**Fund Strategy:** The fund invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions ("Contracts"), fixed income securities, and money market funds. Under the terms of the Contracts, the assets of the fund are invested in fixed income securities (which may include, but are not limited to, U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities, and collective investment vehicles and shares of investment companies that invest primarily in fixed income securities) and shares of money market funds. The fund may also invest in futures contracts, option contracts, and swap agreements. Fidelity Management Trust Company, as investment manager and trustee of the Fidelity Group Trust for Employee Benefit Plans, has claimed an exemption from registration under the Commodity Exchange Act and is not subject to registration or regulation under the Act. At the time of purchase, all Contracts and securities purchased for the fund must satisfy the credit quality standards specified in the Declaration of Separate Fund

**Fund Risk:** The Contracts and securities purchased for the fund are backed solely by the financial resources of the issuers of such Contracts and securities. An investment in the fund is not insured or guaranteed by the manager(s), the plan sponsor, the trustee, the FDIC, or any other government agency. The Contracts purchased by the fund permit the fund to account for the fixed income securities at book value (principal plus interest accrued to date). Through the use of book value accounting, there is no immediate recognition of investment gains and losses on the fund's securities. Instead, gains and losses are recognized over time by periodically adjusting the interest rate credited to the fund under the Contracts. However, while the fund seeks to preserve your principal investment, it is possible to lose money by investing in this fund. The Contracts provide for the payment of certain withdrawals and exchanges at book value during the terms of the Contracts. In order to maintain the Contract issuers' promise to pay such withdrawals and exchanges at book value, the Contracts subject the fund and its participants to certain restrictions. For example, withdrawals prompted by certain events (e.g., layoffs, early retirement windows, spin-offs, sale of a division, facility closings, plan terminations, partial plan terminations, changes in laws or regulations) may be paid at the market value of the fund's securities, which may be less than your book value balance.

Certain investment options offered by your plan (e.g., money market funds, short term bond funds, certain asset allocation/lifecycle funds and brokerage window) may be deemed by the Contract issuers to "compete" with this fund. The terms of the Contracts prohibit you from making a direct exchange from this fund to such competing funds. Instead, you must first exchange to a non-competing fund for 90 days. While these requirements may seem restrictive, they are imposed by the Contract issuers as a condition for the issuer's promise to pay certain withdrawals and exchanges at book value.

**Fund short term trading fees:** None

**Who may want to invest:**

- Someone who seeks a slightly higher yield over the long term than is offered by money market funds, but who is willing to accept slightly more investment risk.
- Someone who is interested in balancing an aggressive portfolio with an investment that seeks to provide stability of price.

**Footnotes:**

- The investment option is a stable value fund. It is managed by Fidelity Management Trust Company. This description is only intended to provide a brief overview of the fund.
- This fund is a commingled pool of the Fidelity Group Trust for Employee Benefit Plans. Only qualified, participant-directed, defined contribution plans may invest in the fund.
- This investment option is not a mutual fund.
- Management Fee includes the costs associated with managing the investments in the pool. The management fee does not include the wrap contract fees, which are paid to third party wrap providers and do not result in any additional compensation to Fidelity. The wrap contract fees are not separately stated but are included in the Expense Ratio and do reduce returns.
- Expense Ratio (Gross) includes management and wrap contract fees. For certain investments, it may also include distribution fees. Please note that the Gross and Net Expense Ratio are the same for this investment.

## Neuberger Berman Genesis Fund Class R6

**VRS Code:** 90658

**Fund Objective:** The investment seeks growth of capital.

**Fund Strategy:** The fund invests mainly in common stocks of small-capitalization companies, which it defines as those with a total market value of no more than \$2 billion at the time the fund first invests in them. It may continue to hold or add to a position in a stock after the company's market value has grown beyond \$2 billion. The fund seeks to reduce risk by diversifying among many companies and industries.

**Fund Risk:** The securities of smaller, less well-known companies can be more volatile than those of larger companies. Growth stocks can perform differently from the market as a whole and can be more volatile than other types of stocks. Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. These risks may be magnified in foreign markets. Additional risk information for this product may be found in the prospectus or other product materials, if available.

**Fund short term trading fees:** None

**Who may want to invest:**

- Someone who is seeking the potential for long-term share-price appreciation.
- Someone who is willing to accept the generally greater price volatility associated both with growth-oriented stocks and with smaller companies.

**Footnotes:**

- This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.
- Except for Life of Fund returns, the analysis on these pages may be based, in part, on adjusted historical returns for periods prior to the class's actual inception of 03/15/2013. It is an unmanaged index of the common stock prices of 500 widely held U. S. stocks that includes the reinvestment of dividends.
- Initial offering of the Institutional Share Class took place on May 4, 2011. Returns prior to that date are those of the Fidelity Advantage Class and reflect the Fidelity Advantage Class' expense ratio. Had the Institutional Class' expense ratio been reflected, total returns would have been higher.
- Fidelity is voluntarily reimbursing a portion of the fund's expenses. If Fidelity had not, the returns would have been lower.

### Spartan® International Index Fund - Fidelity Advantage Class

**VRS Code:** 01522

**Fund Objective:** Seeks to provide investment results that correspond to the total return of foreign stock markets.

**Fund Strategy:** Normally investing at least 80% of assets in common stocks included in the Morgan Stanley Capital International Europe, Australasia, Far East Index, which represents the performance of foreign stock markets.

**Fund Risk:** Stock markets, especially foreign markets, are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, or economic developments. Foreign securities are subject to interest rate, currency exchange rate, economic, and political risks, all of which are magnified in emerging markets.

**Fund short term trading fees:** This fund has a Short-term Redemption Fee of 1.00% for fee eligible shares held less than 90 days.

**Who may want to invest:**

- Someone who is seeking to complement a portfolio of domestic investments with international investments, which can behave differently.
- Someone who is willing to accept the higher degree of risk associated with investing overseas.

## T. Rowe Price Blue Chip Growth Fund

**VRS Code:** 93386

**Fund Objective:** The investment seeks long-term capital growth; income is a secondary objective.

**Fund Strategy:** The fund will normally invest at least 80% of its net assets (including any borrowings for investment purposes) in the common stocks of large- and medium-sized blue chip growth companies. It focuses on companies with leading market position, seasoned management, and strong financial fundamentals. The fund may sell securities for a variety of reasons, such as to secure gains, limit losses, or redeploy assets into more promising opportunities.

**Fund Risk:** Growth stocks can perform differently from the market as a whole and can be more volatile than other types of stocks. Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. These risks may be magnified in foreign markets. ## Vanguard Extended Market Index Fund Institutional Shares

**VRS Code:** 47830

**Fund Objective:** The investment seeks to track the performance of a benchmark index that measures the investment return of small- and mid-capitalization stocks.

**Fund Strategy:** The fund employs an indexing investment approach designed to track the performance of the Standard & Poor's Completion Index, a broadly diversified index of stocks of small and mid-size U.S. companies. It invests all, or substantially all, of its assets in stocks of its target index, with nearly 80% of its assets invested in approximately 1,000 of the stocks in its target index, and the rest of its assets in a representative sample of the remaining stocks.

**Fund Risk:** Value and growth stocks can perform differently from other types of stocks. Growth stocks can be more volatile. Value stocks can continue to be undervalued by the market for long periods of time. The securities of smaller, less well-known companies can be more volatile than those of larger companies. Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. These risks may be magnified in foreign markets. Additional risk information for this product may be found in the prospectus or other product materials, if available.

**Fund short term trading fees:** None

**Who may want to invest:**

- Someone who is seeking the potential for long-term share-price appreciation and, secondarily, dividend income.
- Someone who is seeking both growth- and value-style investments and who is willing to accept the generally greater volatility of investments in smaller companies.

You are not permitted to make a direct exchange from Managed Income Portfolio Class 1 to Fidelity BrokerageLink® or Fidelity® Money Market Trust Retirement Government Money Market Portfolio (considered "competing funds"). Before exchanging from Managed Income Portfolio Class 1, you must first exchange to a "noncompeting" fund for 90 days. While these requirements may seem restrictive, they are typically imposed by issuers such as insurance companies, banks, or other approved financial institutions, as a condition for issuing investment contracts to retirement plans.

A. H. Belo Benefits  
P.O. Box 224866  
Dallas, TX 75222-4866

**Plan Name:** The A. H. Belo Savings Plan

**Plan #:** 75462

## Incoming Rollover Instructions

If you have a balance in a former employer's retirement plan and/or an IRA or conduit (rollover) IRA, you may want to consider consolidating your assets in the A. H. Belo Savings Plan. Keeping your retirement savings in a single plan can help simplify performance tracking, provide greater convenience in making investment changes, and minimize paperwork.

"Rolling over" money into the A. H. Belo Savings Plan is a three-step process. Please follow these instructions to ensure that this process is completed in a timely and accurate manner. *Please Note:* Failure to follow these instructions may result in a delay in the processing of your request and may jeopardize your ability to roll over your distribution.

### Step 1. Request your distribution

*Request a direct rollover distribution from your previous eligible retirement plan. See the Rollover Contribution Form for a list of the types of plans or accounts from which rollovers may be made to your employer's plan. There are two distribution check payable options:*

Option 1.

1. The check can be made payable to Fidelity Investments Institutional Operations Company, Inc. (or FIIOC), for the benefit of (YOUR NAME). The check must be from the distributing trustee or custodian. (Personal checks are not acceptable.)

**Note:** This type of distribution avoids automatic income tax

withholding. Also, it avoids the possible 10% early withdrawal penalty if you are under the age of 59 ½.

Option 2.

2. If the distribution was originally made payable directly to you, you must send your rollover contribution to Fidelity via a certified check or money order only for the amount you are rolling over. (Personal checks are not acceptable.)

**Note:** If your distribution is initially received as a check made payable to you, your rollover must be completed within 60 days of receipt of the distribution. Your previous administrator will be required to withhold income taxes. As a result, you will not be able to roll over 100% of your eligible distribution unless you have extra savings available to make up the amount withheld. You must also roll over that amount within 60 days of receipt of your distribution. If you do not make up the amount withheld, that amount will be considered a withdrawal from the previous program and the taxable portion will be subject to ordinary income taxes and possibly a 10% early withdrawal penalty.

*Fidelity does not accept wire transfers of funds. You must request a CHECK from your previous plan or IRA.*

*The check should be mailed directly to you. Once you have received the check, please follow the directions in Step 2.*

## **Step 2. Complete your rollover application**

Please complete the Incoming Rollover Contribution Form. Please be sure to complete all items, and sign the form where indicated.

Please Note: This rollover contribution will be invested based on the investment elections you have on file for rollover contributions to the Plan. If you have not made investment elections for rollover contributions, this amount will be invested in the Plan-designated default investment option. If you wish to make investment elections for your rollover contribution, please do so via NetBenefits® or by contacting Fidelity Investments prior to submitting this form.

If you are not sure of the plan type that you are rolling out of, please contact your previous Plan Sponsor or IRA custodian for verification. An incorrect plan type could invalidate your rollover.

If you are currently enrolled in the Fidelity® Portfolio Advisory Service *at Work* service, your rollover contribution will automatically be invested according to your current model portfolio percentages.

## **Step 3. Mail the information**

Mail (1) the Incoming Rollover Contribution Application and (2) the check in the enclosed preaddressed envelope or mail to:

FIRST CLASS MAIL WITH STAMP:

Fidelity Investments  
Client Service Operations  
P.O. Box 770003  
Cincinnati, OH 45277-0065

### **Overnight Address:**

Fidelity Investments  
Client Service Operations (KC1F-L)  
100 Crosby Parkway  
Covington, KY 41015

Please include all the information requested. Incomplete forms and the accompanying check will be returned to you and may jeopardize your ability to roll over your distribution.

Once your contribution is accepted into the A. H. Belo Savings Plan, you can log on to Fidelity NetBenefits® at **www.401k.com** to view your rollover contribution and investment election(s). Please allow at least seven business days for processing. If you have any questions about rollover contributions, call **800-835-5098 (800-587-5282 for Spanish)**. Please be sure you have beneficiary information for the Plan on file.

To establish or change your beneficiary information for the A. H. Belo Savings Plan, please access **www.401k.com**.

You should make a copy of the check and the Incoming Contribution Application for your records.

### Unacceptable rollover sources

The Plan cannot accept money from the following sources: rollovers from beneficiary accounts, payments over a life expectancy or a period of 10 or more years, or mandatory age 70½ distributions. Also unacceptable are Roth IRAs, nonconduit IRAs (traditional IRAs, Simplified Employee Pension plans (SEP-IRAs) and "SIMPLE" IRA distributions). In-kind distributions of employer stock are not acceptable; therefore, stock must be sold and the proceeds (including any appreciation realized through the date of distribution) may be rolled over. After-tax contributions may not be rolled over into this Plan.

### Section Three: Investment Elections

I direct Fidelity to invest my rollover contribution into my current investment mix applicable to rollover contributions. If I have not selected an investment mix on my own via NetBenefits® or by telephone, I understand that this rollover contribution will be invested in the Plan's default investment option as directed by my employer.

To make an investment election or to request a fund prospectus please log on to [www.401k.com](http://www.401k.com).

If you are currently enrolled in the Fidelity® Portfolio Advisory Service *at Work* service, your rollover contribution will automatically be invested according to your current model portfolio percentages.

### Section Four: Participant Certification

I authorize the investment election for this rollover and acknowledge that I have received information detailing my available investment options. I acknowledge that my rollover contribution will be invested according to the investment election on file at Fidelity. I also acknowledge that if I do not already have investment elections on file at Fidelity, my rollover contribution will be invested in my plan's default investment option.

I certify that this rollover amount is composed ONLY of money from acceptable sources listed under Section Two, and I have completed the information regarding the source of this money to the best of my knowledge. Also, if the distribution check was made payable to me, I understand that this rollover must be received and deposited to my account within 60 days of receipt of the distribution. I understand that, once invested, these monies will be subject to the terms that govern the A. H. Belo Savings Plan.
